

# COMPUTER SHIELDING

## COMPUTER AND TV SCREEN SHIELD

*Transparent Electric Field Shielding.  
Great for Laptops, Desktop Screens and TVs!*

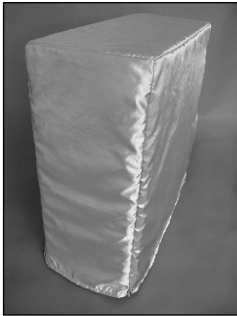

Want shielding you can see through? Using our 40 dB **VeilShield** fabric for great RF and 100% E-field shielding, these framed shields can be custom made in any size up to 16x28". Highly transparent. Can help reduce sensitivity to electric fields. Dark brown frame is 3/4 inch wide, 1/4 inch thick. Includes 6 foot ground cord. Attaches to screen with adhesive hook and loop (included).

*Note:* If you cover a touch screen, you cannot use the "touch" feature. Some Moiré pattern is inevitable, so not recommended for high resolution work. Up to **16x28** inches maximum.

**These are custom made to order.** No returns. You must specify width and height (dimensions including frame).  
**(Cat. #Q732) ..... \$99.95**

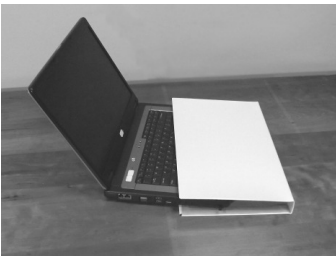

## TOWER SHIELD

*Shield Emissions from Your Computer Tower*

Computer towers can emit quite a bit of radiofrequency and electric field radiation. **Tower Shield** slips over the computer in seconds. Zipper flap in front allows easy access to computer controls. Very high shielding performance. Shiny silver color.

Soft, flexible fabric construction. Open in the back and bottom. Includes ground cord. Not washable. Fits towers up to 17H x 7W x 16D (inches). Does not shield *magnetic* fields. **Tower Shield (Cat. #Q340) ..... \$39.95**

## WrapTop™

*Magnetic Shielding for Your Laptop Keyboard Base*

Laptop computers have high EMF emissions because the entire computer is at your fingertips. Don't accept that there has to be magnetic field irradiation from your laptop. WrapTop slips easily under the base of the laptop and wraps around the front and top to reduce magnetic field emissions in the direction of your body. Reduces the field by 90%! Sides are left open so you can plug in a remote keyboard and mouse for access. Simple but effective design incorporates two different magnetic shielding alloys. Measures 15 inches wide x 9 inches front to back so it fits most laptops. Just slip it on. No tools or assembly required.

**WrapTop™ (Cat. #Q735) ..... \$69.95**
