

# SLEEP SHIELDING

## SWADDLING SHEET

*For a Snug and Shielded Baby*

Most Moms throughout history have understood the soothing benefit of swaddling their babies while keeping them both safe and comfortable. In the modern world, the new danger of wireless radiation from cellphones and cordless phones, wifi, and microwave ovens is everywhere. Swaddling Sheet is made from a soft breathable cotton based fabric (similar to cotton bed sheet) with superfine silver fibers (you need a microscope to see them) which adds wireless radiation shielding for maximum peace of mind. A generous 38 inch square which is machine washable and completely baby-safe allows standard swaddling technique. Makes a great baby gift too.

- Important during the first 60 days of a newborn's life
- Swaddling mimics the feeling of being in the womb, allowing the child to feel safe and secure throughout the day without feeling alone.
- Helps the baby to stay put which helps both the child and mother sleep more soundly

**Washing Instructions:** Hand or machine wash (gentle cycle), cold water. Use TexCare. Hang dry. Iron without steam, low heat. No bleach. Do not dry clean.

**Swaddling Sheet (Cat. #R358) ..... \$79.95**

## BABY BLANKET

*Soft Cotton Flannel Blanket*

*Shields Your Baby from Wireless Radiation*

We all know babies are more sensitive to injury from radiation both before and after birth. Expecting Moms may not realize that they are radiating their developing fetus by using a cell phone or wifi near their belly. This shielded Baby Blanket is the ultimate in snuggly comfort while providing a high level of radiation shielding. Just use it like any ordinary blanket. Cover Mom's belly or wrap the baby. Either

way, it's a smart, safe, and effective way to lower your baby's exposure during this critical time in his or her development.

Material: Washable, durable, hypoallergenic, cotton flannel on the outside. Ecological, unbleached, shielding cotton fabric without chemicals in the middle, interwoven with microscopic Silver wire to form the protective radiation barrier. Lifetime mfr warranty.

- Deflects >30dB of Radio & Microwave EMF Radiation
- Luxurious flannel, comfortable against the skin
- Generous 40" x 32"
- Made in USA
- Patent Pending
