

SLEEP SHIELDING

BLOCBAG™

Microwave Protection Sleeping Bag

Enjoy a peaceful night's rest under reduced exposure to mobile phone signals! BlocBag is a protective sleeping bag made from comfortable, light weight, microwave reflecting material... superb *Swiss Shield Wear* cotton shielding fabric is used for the body, and *Swiss Shield Daylite* polyester mesh fabric for the hood (see page 38 for descriptions and specifications of these fabrics).

Pretty white fabric feels almost like cotton bed sheet and folds nicely to the size of a book for complete portability. Great for home or travel. Tested to provide 22dB attenuation up to 1.8 GHz, no grounding necessary. Extensive zipper for easy in/out and ample 96x34 inch space is plenty of room for the average adult. Wash cold (40°C) with gentle cycle using mild detergent only! Spend the whole night or enjoy a completely new kind of power nap! 96x34 inches overall, with a 32 x 34 inch "window" at one end.

BlocBag (Cat. #R230) \$359.95

ANTI-RADIATION PILLOWCASE

Shields Cell Phone Radiation

Who needs cell phone shielding in a pillowcase? If you know anyone who puts their phone under their pillow (where it can radiate their sleeping brain all night), *they really need this shield*. Benefits both teenagers and adults alike. Both luxurious and practical it looks and feels like a normal white pillowcase. Cotton based, machine washable (no bleach!) but with superfine silver fibers (you need a microscope to see them) woven into it. Each layer provides ~90% signal reduction, and there are two layers in a pillowcase! Phone function and sound quality are not affected. Finished size is 20x30 inches, for standard pillows. You can put a standard pillowcase over this one if

you want to wash it less. Note: we don't recommend having a cell phone anywhere in the bedroom. But if you must, shield wisely.

Anti-Radiation Pillowcase (Cat. #R359) \$79.95

Anti-Radiation Pillowcase, King size (Cat. #R359-K) ... \$79.95

FLOOR MAT

Need shielding underneath the bed canopy too?

Floor mat made from cotton based shielding fabric. Can be placed flat on the floor under the bed, or between the mattress and box spring to shield ~75% from below and create a "complete" enclosure.

It is a simple rectangle of fabric. Not intended for a high traffic area or could be covered by carpet. Choose the size you need:

Single/twin 60x98 inches (Cat. #R362-S) \$109.75

Full/queen/king 108x98 inches (Cat. #R362-K) ... \$197.55
