

# SLEEP SHIELDING

## DISPOSABLE SHIELDING TENT

What do you do when you find yourself in a hotel room, at a friend's house, or any place where you don't control the environment and you need relief from wi-fi, smart meters, cellphones, and other wireless signals? This tent, made from aluminized Mylar (well known for its good RF shielding ability, toughness, and light weight) is so handy, versatile, and effective you won't want to travel without one. It is basically a tube, 8 feet long, with a perimeter of 10 feet, and open at both ends. Use it the way it comes as a Faraday sleeping bag or tent (tent will need some structural support which is not included, such as rope, stakes, tape, and so on). Or slit it open to a giant 8x10 foot sheet which is big enough for a king size bed blanket, ground cover, personal wrap, or window curtain.

Will shield you from the hot rays of the sun, keep you warm when temperatures drop, reflects light and heat, and best of all offers ~20 dB microwave shielding. Completely waterproof and windproof too. We call it disposable, but you can certainly re-use it. Weighs only 7 ounces, and 6x8 inches and when folded. Stores safely for years, ready when you need it. Perfect for car, suitcase, camping or home use. One side is conductive.

**Disposable Shielding Tent (Cat. #R313) ..... \$12.95**  
**Tent Bulk Pack 10 for the price of 9 (Cat. #R313-10) ..... \$116.55**

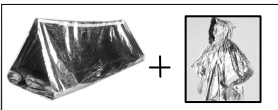

## DISPOSABLE PONCHO WITH HOOD

Is this you? Your skin is burning, your heart is racing, or you are feeling irritable and spacey as pulses of microwave/RF radiation wash over you. It could be in your own apartment, on a plane or subway car, hotel or class room, workplace or movie theater. Even just walking down the street!

Whether you get caught in a surprise rain storm or irritating sea of wireless radiation, you'll be glad you packed your shielding hooded poncho. Covers head, torso and arms with ~20 dB shielding. Generously proportioned for ease of motion, one size fits most all body types. Easy to slip on and off, and extremely light weight. Keeps you warm, shaded from the sun, and dry too. Windproof. We call it disposable, but you can certainly re-use it. Weighs only 3 ounces, and 4x5 inches and when folded. Stores safely for years, ready when you need it. Perfect for purse, car, suitcase, camping or home use. One side is conductive. One side is conductive (the less slippery side) so it can be grounded.

**Disposable Shielding Poncho w/ Hood (Cat. #R312) ..... \$4.95**  
**Poncho Bulk Pack 10 for the price of 9 (Cat. #R312-10) ..... \$44.55**
