

FABRIC CONNECTORS & GROUNDS

GROUNING CORDS:

Banana To Gator Cord

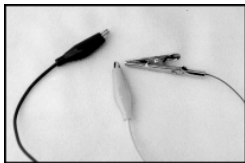

You get 3 cords (1 each: red, black, and yellow) with banana plugs on one end and alligator clips on the other. Use them as ground cords, in meters, test equipment, etc. 36" long.

(Cat. #Q298-C) \$3.79

Gator To Gator

Insulated copper wire with standard alligator clips on each end. Connect it to computer monitor shields, conductive fabrics or plastics, or conductive painted surfaces to ground. Also great as an extension for grounding wrist straps.

18-inch (Cat. #Q295-18) \$2.00
60-inch (Cat. #Q295) \$8.95

Plug To Gator

Grounding the easy way! Molded 3-prong plug (N American) one end, alligator clip on other, 6 feet long. Stranded.

(Cat. #Q295-3) \$8.95

Plug To Ring Terminal

Molded 3-prong plug one end and ring terminal on other. 6 feet long.

(#Q295-3-Ring) ... \$8.95

Gator To Clamp

Alligator clip on one end, large gator on other end (great for grounding to pipes ≤1" diameter). 6 feet long.

(Cat. #Q295-gc) .. \$6

IN LINE FUSE HOLDER

Adds a Measure of Safety

To add a measure of safety to any cord in the unlikely event of a lightning strike or voltage spike traveling on your electrical system, you can insert this handy fuse anywhere along the length of the wire. Set includes fuse holder, two 0.10 Amp fuses (one is a spare), and two wire nuts.

(Cat. #Q286) \$4.95

Replacement Fuses, pack of 5:

(Cat. #Q287) \$4.95

GROUND PLUG ADAPTER

Makes Grounding to Wall Sockets Easier

Banana plugs are too small to fit well in a wall socket ground. This handy adapter converts a

standard outlet into a groundable point for wrist straps or other grounding/Earthing hardware. Simply plug it in & insert your banana plug into the back end. Accepts standard banana plugs (0.162" - 0.164" ± 0.002" diameter).

Plug Adapter (Cat. #Q235) .. \$9.95

GROUND TESTER

Need to verify that your ground connection is working? This little device checks *both* the conductivity of your grounding material *and* whether *you* are properly grounded

Just push the button. LEDs will illuminate to distinguish 3 levels of conductivity. Very simple to operate. Instructions are printed on the back of the unit. Includes North American style ground cord. Uses one 9V battery.

Ground Tester (Cat. #Q185). \$19.95
