SwissShield® Naturell™ RF Shielding Fabric

Excellent skin compatible fabric for radiofrequency shielding (cellphones and cell tower radiation, cordless phones, wi-fi, radar, microwave oven leakage, TV broadcast etc). Extremely thin silver coated copper wires are spun with cotton yarn, then woven into washable, comfortable, and durable fabric with the look and feel of normal fabric.

OKEO-TEX 100 certified to contain no harmful substances, and independently tested for shielding performance. Non-conductive surface (10^6 Ohm/sq), no grounding needed. Does not contain flame retardant.

NATURELL is a translucent, unbleached ecological cotton fabric. Typical application as canopies, curtains or drapes.

- Ecological cotton fabric without chemicals
- Highest attenuation of the 3 SwissShield materials
- Washable, easy to iron, cut and sew
- Extremely wide format (8.2 feet wide)

Technical data
Attenuation: 38 dB at 1 GHz
Color: Ecru-White
Materials: 82% cotton, 17% copper, 1% silver
Weight: 69 g/m²
Dimension stability: 3 %
Certificates: Öko-Tex 100 Class 1 (gentle enough for baby underwear)

Care

SwissShield Naturell
(Cat. #330)
